DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 5, 6-9, 13, 16-18, 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 5, line 1, "said moving photosensitive target area" lacks antecedent basis. It should be changed to -said moving photosensitive medium--.

Claim 6, line 14, "said selected speed" lacks antecedent basis.

Claim 13 is not clear regarding the relationship between the photosensitive target recited in base claim 10 and the photosensitive screen.

Claim 16, line 6, "said moving photosensitive beam" lacks antecedent basis. It should be changed to -said moving photosensitive medium--.

Claim 19, line 7, "said moving photosensitive screen" lacks antecedent basis.

Claim 19 is not understandable with respect to the limitation "apparatus for moving said sweeping light beam at a selected speed and in a direction orthogonal to said light beam sweeping across said photosensitive screen". It is understood that it is the photosensitive screen that is moved at a selected speed in a direction orthogonal to the sweeping light beam.

Allowable Subject Matter

3. Claims 1-5, 10-12, 14-15 are allowed.
4. Claims 6-9, 13, 16-19 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
